HIGHLANDS COUNTY, FLORIDA  
Quarterly Investment Report for FY 19-20  
September 30, 2020**

**INTRODUCTION**

The formal written investment policy sets forth the investment objectives and parameters for investment decisions made by the Highlands County Clerk of Courts (Clerk). The investment policy applies to all cash and investments, under the direct control of the Highlands County Board of County Commissioners (Board), in excess of those required to meet current expenses. This policy does not apply to any funds held on behalf of any of the other Constitutional Officers.

In accordance with the investment policy, this investment report is being submitted to the Clerk of Courts and the Board of County Commissioners.

**SIGNIFICANT CHANGES TO BOARD'S PORTFOLIO**

**PORTFOLIO SUMMARY**

**Safety**

Safety of principal is the foremost objective of the Board's investment policy. The Board's investment policy sets diversification limits to minimize the risk of loss resulting from over concentration of assets in a specific maturity, issuer, instrument, dealer or bank. To quickly evaluate portfolio percentage limitations, please see Tables 1 and 2 below. These tables show the actual percentages invested, compared to the maximum allowed percentages as indicated in the policy.

State Statutes require that public funds only be deposited in financial institutions that are certified as a qualified public depository (QPD) by the State of Florida. The QPD program is a voluntary, statewide collateralization program that provides protection of public funds, similar to FDIC insurance. All funds deposited with TD Bank, SunTrust Bank, JP Morgan Chase, and Regions Bank are fully collateralized under the QPD program.

### Yield

The Investment Portfolio is limited to relatively low risk investments in anticipation of earning a fair return relative to the risk assumed.
