

**CLERK OF COURTS
HIGHLANDS COUNTY, FLORIDA
Monthly Investment Report for FY 15-16
October 31, 2015**

I. INTRODUCTION

The formal written investment policy sets forth the investment objectives and parameters for investment decisions made by the Highlands County Clerk of Courts. The investment policy applies to all cash and investments, under the direct control of the Clerk of Courts, in excess of those required to meet current expenses. This policy does not apply to any funds held on behalf of the Highlands County Board of County Commission or any of the other Constitutional Officers.

In accordance with the investment policy, this investment report is being submitted to the Clerk of Courts and the Investment Advisory Group.

II. SIGNIFICANT CHANGES TO CLERK'S PORTFOLIO

There were no significant changes to the Clerk's portfolio during the month of October.

A summary spreadsheet, pie chart, and bar graph of the Clerk's portfolio and the Clerk's compliance with the investment policy are provided in Exhibits D, E, and F, respectively.

III. PORTFOLIO SUMMARY

The primary objectives of the Clerk's investment activities are Safety, Liquidity, and Yield. The following is a summary of the Clerk's portfolio as of October 31, 2015.

Safety

Safety of principal is the foremost objective of the Clerk's investment policy. The Clerk's investment policy sets diversification limits in order to minimize the risk of loss resulting from over concentration of assets in a specific maturity, issuer, instrument, dealer or bank. As of October 31, 2015 the Clerk had funds deposited with TD Bank (66.96%), Harbor Community Bank (12.23%), Wauchula State Bank (5.04%), and Florida Prime (15.77%).

In order to quickly evaluate portfolio percentage limitations, please see the two graphs in Exhibit F. These graphs show the maximum allowed percentages as indicated in the policy, compared to the actual percentages taken from data shown in Exhibit D. As shown in Exhibit F, the Clerk is in compliance with the established diversification limits.

State Statutes require that public funds only be deposited in financial institutions that are certified as a qualified public depository (QPD) by the State of Florida. The QPD program is a voluntary, statewide collateralization program that provides protection of public funds, similar to FDIC insurance. All funds deposited with TD Bank and Wauchula State Bank are fully collateralized under the QPD program.

Liquidity

The weighted average maturity (WAM) of the portfolio is 43 days.

Yield

The portfolio's weighted average yield is .32%, which is .16% greater than our benchmark (S&P Rated GIP Index) of .16%. The portfolio's weighted average yield is .01% higher than last month. The benchmark is unchanged from last month.
